COACHING:

We try to limit our coaching/talking with our players during matches throughout the season, less & less as the season progresses. We feel this better prepares our players for these major tournaments at the end of the season. We believe our players are better able to make match adjustments on their own in these major tournaments because of this. A coach is always watching a match.

A coach will ALWAYS discuss match play with your kids at the conclusion of their matches. We expect all players to report to us at some time after their match prior to leaving the tennis court area to discuss their match with us.

SAFETY CONCERNS

Sportsmanship...Tradition...Pride

Safety Concerns

We have a Legal Duties Plan in effect at practices, home matches and trips. We have a trip roster and copies of their physicals with us at practice and trips. **(Kept confidential)**

We put the safety of our players first. If you have any concerns, please share them with us.

Coaches carry cell phones and contact information with them at all practices and matches.

My Cell Phone number is:
