Rules for Divisional Tournament

IV. Rules for Divisional Tournaments

Normal Format - Outside

- Best of 3 sets and regular scoring will be used.
- USTA Set (7-point) tiebreaker will be used. See *Tie Breaker Sheet* (1st to 7 points by 2 point margin).
- 10 minutes rest will be allowed if split sets.
- There should be 2 tennis balls per match

Competition Format - Inclement Weather

Best of 3 sets:

- Sets 1 & 2 regular but each set will be shortened by starting at 2 games each.
- Set 3 - 10 point match tiebreaker - first to 10 points but win by 2.
- A 120-second set break, if split sets. Once a round has started, the scoring format will be the same whether the round is finished inside or outside.
- If indoor courts are being used as part of the regular scheduled play (not because of weather issues), scoring will be the same as the outdoor format.
- Tournament Director can modify to no add scoring if needed.

The decision of which format to use for shortened matches will be decided by the tournament manager in consultation with the MHSA.

Divisional Manager

Each division is responsible for selecting a site and manager for its divisional tournament. In case of foul weather the tournament will be held on the Monday following the regular scheduled time of the divisional meet, with the approval of the MHSA Executive Director.

Divisional Scoring

- Scoring in the divisional B-C tournaments will be 1st-10 points; 2nd - 7 points; 3rd - 4 points; 4th - 2 points
Upon Coaches' consent (at coaches' meeting), a point may be awarded for 5th place.

The four events are boys' singles, boys' doubles, girls' singles and girls' doubles. To determine team champions in all of the divisional tournaments, two (2) advancement points will be given to those players advancing on the winner's bracket and one (1) advancement point for those advancing on the consolation brackets, one point also for defaults, forfeits and disqualifications. Byes receive two (2) points on the winners' side of the bracket if the individuals win their next match and one (1) point if the player who receives the bye wins the next round on the consolation side of the bracket.

Entries

All entries to the divisional meet shall be forwarded to the divisional meet manager one week in advance of the divisional tournament.

Events

Events will be boys' singles, boys' doubles, girls' singles and girls' doubles. Both boys and girls shall be allowed to enter one event only, either singles or doubles, but not both.

Entries Per Classification at the Divisional Tournament

- Class B/C may enter four boys' single participants, four girls' participants, two boys' doubles teams and two girls' doubles teams in competition.

Qualifiers for the State Tournament

- B/C Boys – Qualifying numbers will depend on the number of teams in the division for a 16-player singles bracket and a 16-player doubles team bracket at state. If a team is not fielded, then a qualifying spot is taken from the division and a wildcard will be awarded at random draw.
- B/C Girls – Qualifying numbers will depend on the number of teams in the division for player singles bracket and a 32-doubles team bracket at state. If a team is not fielded then a qualifying spot is taken from the division and a wildcard will be awarded at random draw.

Same School Matchups

Care should be taken to avoid, when possible, early round confrontation of contestants from the same school.

Seeding

Each division will be charged with the responsibility of determining the divisional tournament seeding criteria. Suggested criteria for seeding entries could include the following: past record in previous state high school meets, divisional meets, head-to-head competition with most recent matches carrying the most weight, and record against common opponents.

Substitutes

Because of injury, illness or other emergency situations, one boy or one girl, who was named as an alternate before the start of competition, may be used as a substitute before or during the divisional meet for doubles play only. This substitute can only be placed at the beginning of a match. This substitute shall not be a qualifier from any other tennis event.

Basic Tennis Etiquette and Procedures for Players During Matches **Making Calls**

1. A player makes calls on his/her side of the net - promptly.
2. A ball landing on the line is good.
3. Opponents get the benefit of the doubt.
4. If a ball can't be called out with certainty, it is good.
5. The call of a player looking down a line is much more likely to be accurate than that of a player looking across a line. When you are looking across a line, don't call a ball out unless you can clearly see part of the court between where the ball hits and the line. It is difficult for a player who stands on one baseline to question a call on a ball that landed near the other baseline.
6. Partner's disagree on calls. If a player and his/her partner disagree about whether the ball was out, they shall call it good.
7. Audible or visible calls. No matter how obvious it is to a player that his/her opponent's ball is out, the opponent is entitled to prompt audible and/or visible call.
8. Spectators are never to make calls.
9. Lets should be called when balls roll on the court. The server receives 2 serves.

Serving

1. Foot Faults - A player may warn his/her opponent that the opponent has committed a flagrant foot fault. If the foot faulting continues, the player may attempt to locate the site director.
2. Service calls in doubles - The receiver's partner should call the service line, and the receiver should call the sideline and the center service line. Either partner may call a ball that he/she clearly sees.
3. Service calls by the serving team - Neither the server nor his/her partner shall make a fault call on the first service even if they think it is out because the receiver may be giving the server the benefit of the doubt.
4. Receiver readiness - The receiver should make no effort to return a serve when he/she is not ready. If a player attempts to return a serve, it is presumed that he/she is ready.
5. Delays during service - When there is a delay between the first and second serves:
 - The server gets one serve if he/she was the cause of the delay.
 - The server gets two serves if the delay was caused by the receiver or if there was outside interference.
6. Service let calls. Any player can call a service let.
7. Players are not allowed to stand in the receiving court during service. Additionally, a receiver's partner shall not:
 - Move in or around the receiving box, causing a distraction
 - Wave equipment in and out of the receiving box, causing a distraction
8. Rectifying mistakes - The general rule is that errors are rectified as soon as they are discovered but not during play, and points remain.
 - If a server serves from the wrong court, the point stands and he/she serves the next point from the proper court.
 - If in doubles, the wrong person serves, the game stands and his/her partner serves the next game from his/her side. If discovered during the game, the partner whose turn it is to serve, takes over.
9. Discarding a second ball - The server's discarding of a second ball may constitute a deliberate hindrance. If the receiver asks the server to stop discarding the ball, then the server shall stop the practice.

Line Judges

1. If line judges are placed on the court, the players continue to call their own lines. Line judges over-rule only if players ask for help.

SCORING:

1. Scoring Devices - Scoring devices are available to keep score at each court. Players are to use them.

2. Decisions - The decision must be made on each play. There is no replay of a point except in the case of a let. Only coaches and players can ask the site director to put a judge on the court to make calls if a problem arises.

Sportsmanship

Coaches and Participants:

1. Set a good example for spectators to follow.
2. Respect the integrity and judgment of game officials, and accept their decisions graciously.
